

What is CAC?

The Community Advisory Committee (CAC) acts in an advisory capacity to the Special Education Local Plan Area (SELPA). Parents, educators, care providers, and interested community members are all welcome to join. Being a member of the CAC offers the opportunity to be involved and assist in developing, planning, and implementing activities that provide for greater success for students with exceptional needs. The CAC provides voice regarding the Local Plan, parent education, and other related activities

Please note that ALL parents and guardians are welcome to attend any of our public meetings or CAC trainings. There is no special application required to attend CAC. However, if you would like to be considered a standing voting member, an application will need to be completed, which you can obtain by contacting Tehama County SELPA.

Tehama County SELPA Community Advisory Council

Community Advisory
Council

As a CAC Representative you...

Have a voice in creating the SELPA Local Plan.

Learn more about the special education process.

Network with other parents and professionals.

Build on your advocacy and leadership skills.

Have opportunities to suggest and implement your own ideas for parent workshops.

Key Functions

- Advise and recommend priorities and issues to the SELPA Governing Board.
- Provide input into the development of our local plan for special education.
- Educate parents, teachers, and others by offering informative meetings and speakers.
- Encourage community involvement.
- Support activities for students with special needs.

"We are stronger together."

~Tehama County Parent

What can CAC do for me?

Keep you informed about current and/or future programs and legislation affecting special education.

Provide you with access to resources and agencies that serve children with special needs.

Provide you with parent training information.

Provide you with access to SELPA staff, resources, and activities.

Provide you with networking opportunities with other concerned parents.

Advocating for the needs of students receiving special education services throughout Tehama County
